EDUCATION & SKILLS

- ❑ Computer graduat - IRAM, Mons (Belgium)
- ❑ Certifications CCNA, CCNP, ITIL, Microsoft, VMWare
- ❑ English fluent, german basic, dutch notion, filipino spoken
- ❑ Cisco, HP, Avaya, Aruba, Huwai
- ❑ LAMP, Python, Perl, Powershell, scripting, devnet
- ❑ Checkpoint, Palo Alto, BigIP, Fortinet, ASA, Iptables

PROFESSIONAL BACKGROUND

2022 – NETWORK & SECURITY ARCHITECT – Fiducial (Accounting Solutions)
Enterprise network architecture (LAN/WAN), dynamic routing optimization, and infrastructure modernization

- ❑ Full-scale data center migration
- ❑ Core routing protocol redesign (BGP, OSPF, EIGRP)
- ❑ Post-acquisition network integrations

2020 – 2022 NETWORK ENGINEER – FedEx (Transportation Logistics)
Enterprise network infrastructure (LAN/WAN/WLAN) deployment and optimization

- ❑ Designed and executed nationwide network migration (50+ sites)
- ❑ Standardized deployment processes for enterprise scalability
- ❑ Performed proactive network maintenance and troubleshooting

2019 – INDUSTRIAL CYBERSECURITY ENGINEER – bioMérieux (Pharmaceuticals)
COT/ICS security, compliance and vulnerability remediation

- ❑ Led penetration testing (pentests) and risk assessments for industrial control systems (ICS)
- ❑ Developed and deployed security patches for legacy medical devices
- ❑ Implemented hardening baselines (CIS benchmarks) for critical lab equipment

2018 – NETWORK/SECURITY ARCHITECT – Jtekt Europe (Automotive Supplier)
LAN/WAN/WLAN architecture, security, and consulting

- ❑ Designed and led firewall and proxy migration (Palo Alto/Cisco)
- ❑ Restructured and standardized global network operations

2015 – 2017 NETWORK ARCHITECT – bioMérieux (Pharmaceuticals)
LAN/WAN/MAN/WLAN, fiber optics, architecture & global security (China, India)

- ❑ Designed and deployed networks (Shanghai, Singapore, Manila, Craponne)
- ❑ Architected Lyon metropolitan network (MAN) with GIX interconnection
- ❑ Secured Shanghai call-center infrastructure
- ❑ Implemented 20+ global IPSEC tunnels
- ❑ Network security service owner for global operations

2014 – NETWORK & TRANSFORMATION PROJECT LEAD – Howden (Industrial Manufacturing)
LAN/WLAN, Wintel, déploiement, transformation

- ❑ Directed network infrastructure refresh program
- ❑ Enterprise WiFi network implementation
- ❑ Designed Windows 7 deployment solution

2011 – 2013 NETWORK ENGINEER – bioMérieux (Pharmaceuticals)
LAN/WAN/WLAN, optical fiber,international support (India, Poland)

- ❑ Network management, maintenance, and installation
- ❑ Network refresh and migration projects
- ❑ Implementation of network monitoring solutions

2010 – SYSTEMS & NETWORK ENGINEER – Howden (Industrial Manufacturing)
LAN/WAN/WLAN, support, virtualization, international (USA, Finland)

- ❑ Provided operational support for business units
- ❑ Evaluated VMware virtualization solutions
- ❑ Installed and optimized SMTP mail servers

2008 – 2010 OPERATIONAL QUALITY ANALYST – Sanofi Pasteur (Pharmaceuticals)
ITIL processes, SLA compliance, KPI reporting, and software development (PHP, VB, Oracle)

- ❑ Managed and analyzed quality reports (production, support, and on-call operations)
- ❑ Developed quality management applications
- ❑ Created programs in VB, PHP, and Oracle

2007 SECURITY PROJECT MANAGER – Casino IT (Retail Distribution)
Security architecture, RFP management, SLA/KPI governance

- ❑ Authored and managed RFP for distributed network segmentation across 350 sites
- ❑ Vendor selection and contract implementation for security solution

2006 – 2007 IT ACCOUNT MANAGER – Adecco IT (Human Resources)
Customers services, datacenter operations, SLA/SOX compliance, international support (Scandinavia, Switzerland, Spain)

- ❑ Managed strategic IT accounts (budget, support, projects)
- ❑ Oversaw IT production services (SLA/KPI dashboards, steering committees)
- ❑ Implemented performance metrics, methodologies, and client reporting
- ❑ Directed major incident crisis management

2005 SUPPORT MANAGER – Adecco IT (Staffing Solutions)
Global technical & ERP support, SOX/SLA compliance (20 countries)

- ❑ Led international support operations for technical and ERP systems
- ❑ Directed major incident crisis management
- ❑ Deployed standardized support tools across 30 business units
- ❑ Developed and implemented SOX compliance procedures

2000 – 2004 SUPPORT MANAGER / IP ARCHITECT – Completel (Telecommunications)
LAN/WAN, Datacenter, ISP Operations

- ❏ Managed and maintained WAN infrastructure
- ❏ Handled abuse management, security, hacking, and spam mitigation
- ❏ Led multiple network monitoring and surveillance projects
- ❏ Installed and optimized large-scale mail systems
- ❏ Directed datacenter migration initiatives

1998 – 2000 NETWORK ADMINISTRATOR – Access IT (IT Services Provider)

LAN/WAN, email systems

- ❏ Installed and managed local area networks
- ❏ Implemented backup systems
- ❏ Handled incident management

1997 IT MANAGER – IGA (Equipment Supplier)
LAN/WAN, AS400, international operations (Spain)

- ❏ Directed IT service operations
- ❏ Managed LAN migration and installation projects
- ❏ Implemented SNA Server solutions

1994 – 1996 IT MANAGER – Notre Dame University (Higher Education)
LAN systems, database programming, international operations (Philippines)

- ❏ Directed IT service operations
- ❏ Redesigned and programmed an ERP system
- ❏ Conducted academic instruction
